VISUAL AGENCY SAUDI ARABIA

فريق تربية الغاية الربطية، تتنوع قلمه وملمه منم و تلوق الحال، وقلمه مصمما بان الانحال الفارقين يتكون بيتا، بل عشر
المستشفون اخرا عن ورشة المجدد السري، ام قسط روح قديمه عن الزمان لشغل قصورهم لاشد و احملوا محارف
البحث واطلقوا العنان لعقولهم، فبعد الغاية تحيز، مفكرات لا تنسى!

SAUDI SAGA

a homegrown studio, the philosophy and vision of "Forged In Saudi" form the basis of Pixelbee's brand outlook, values and work standards. The core structure of every visual, audio, production and postulation carries this belief and narrative; all that binds the Kingdom with its roots, people and its brilliant "renaissance".

PARKING GUIDANCE SYSTEM

The parking guidance system efficiently monitors multiple parking spaces at a time. This intelligent setup not only prevents drivers from mistakenly occupying unavailable spots but also significantly enhances safety within the parking area. Furthermore, the system's intuitive LED color indicators provide real-time feedback to drivers, guiding them effortlessly to vacant parking spaces. This streamlined process significantly reduces search times, leading to a smoother and more enjoyable overall parking experience.

Car Locator - Number Plate Recognition (ANPR Tech)

By leveraging **Automatic Number Plate Recognition (ANPR) technology**, we've streamlined the parking experience. Our system accurately **captures and records license plate information**, enabling visitors to effortlessly **locate their vehicles**. Through user-friendly **kiosks or mobile apps**, drivers can quickly determine their car's exact location. To further enhance convenience, we provide clear visual guidance, directing visitors to their parked cars via the most efficient routes.

CUSTOM FLEET & LOGISTICS MGMT. SYSTEMS

Real-time vehicle tracking, route optimization, and efficient fleet management. This cutting-edge solution empowers businesses to streamline operations, reduce costs, and enhance customer satisfaction.

WAREHOUSE MANAGEMENT SYSTEM

Advanced WMS that optimizes inventory control, order fulfillment, and warehouse operations. With real-time visibility and automated processes, our WMS helps businesses improve efficiency, reduce costs, and enhance operations.

INDOOR POSITIONING & WAYFINDING

Our indoor positioning system offers a comprehensive toolkit for creating tailored solutions. Whether you envision a fully customized guidance app, an immersive 3D map, or advanced analytics, our technology provides the foundation. From out-of-the-box options to highly specialized integrations, you can leverage our platform to deliver exceptional indoor experiences. By fusing real-time positioning with rich data insights, businesses can optimize operations, enhance customer journeys, and unlock new opportunities.

CORPORATE EQUIPMENT SOLUTIONS

We provide a seamless experience, from expert installation of cutting-edge laptops, PCs, servers, and printers to flexible leasing options and meticulous maintenance. Our cutting-edge technology keeps your office humming, while our service ensures peak performance. Focus on your strategic vision; we'll handle the IT symphony.

RENT - LEASE - PROVISION - INSTALLATION - MAINTENANCE

CCTV, BIOMETRIC & ACCESS CONTROL SYSTEMS

We transform security from a reactive measure to a proactive strategy. Our integrated solutions combine high-definition CCTV surveillance with secure biometric access control. Imagine intelligent cameras monitoring every corner, while fingerprint scanners or facial recognition grant access to authorized personnel only. This layered approach, managed from a single platform, empowers you with real-time awareness, robust entry control, and a powerful deterrent against security threats. Let us secure your world so you can focus on what matters most

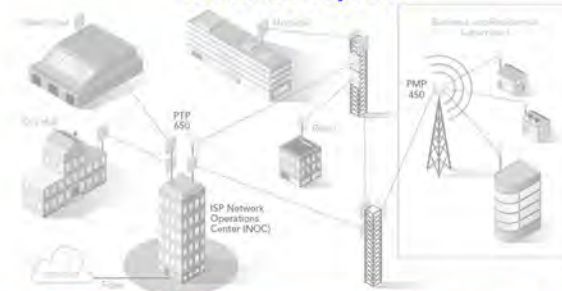

IT INFRASTRUCTURES & SYSTEM INTEGRATIONS

Pixelbee Systems offers comprehensive IT solutions designed to fuel your business success. From network infrastructure to cutting-edge security, we provide a customized roadmap for your digital journey. Our team of tech experts combines innovation and customer focus to equip you with the latest tools and propel you forward in the ever-changing technological landscape.

MULTIMEDIA SOLUTIONS

A one-stop shop to launch your business into the digital stratosphere. With our data-driven social media strategies and targeted digital marketing campaigns, we'll amplify your brand's voice and make sure it resonates with your ideal audience.

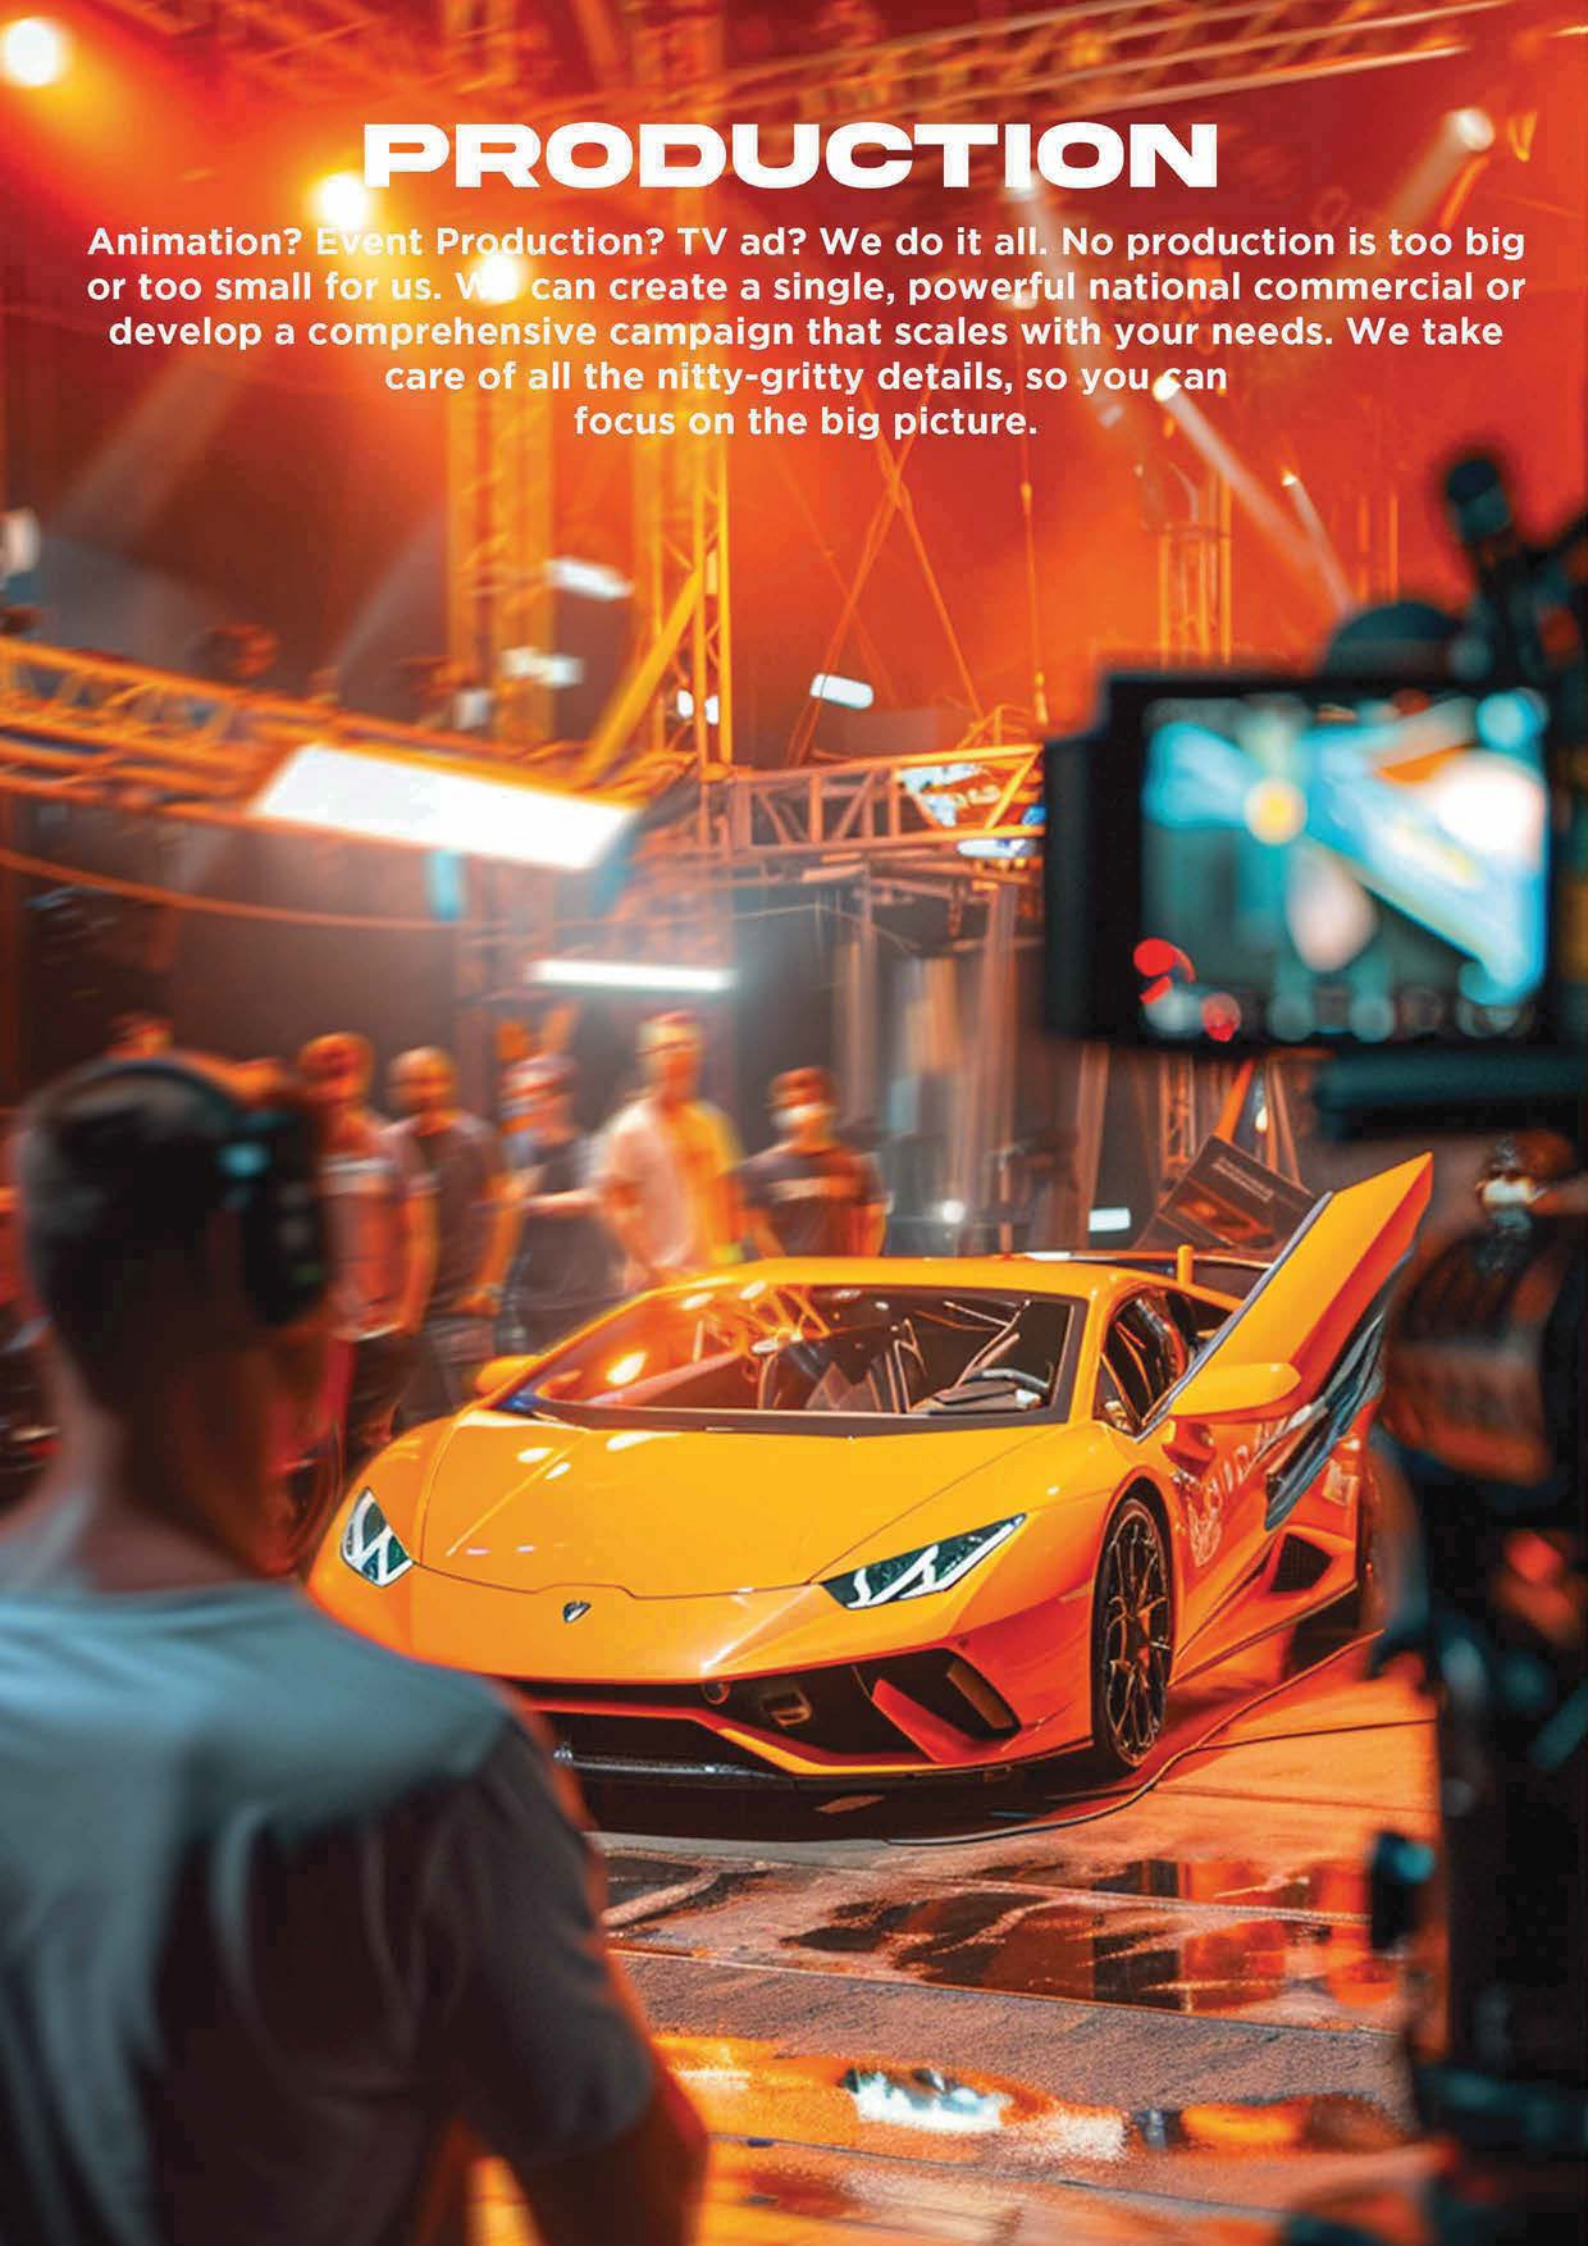

INFLUENCER CAMPAIGNS

Influencer campaigns that resonate and drive results. By focusing on in-depth audience targeting and genuine partnerships, we connect you with influencers whose values and content perfectly align with your brand.

PRODUCTION

Animation? Event Production? TV ad? We do it all. No production is too big or too small for us. We can create a single, powerful national commercial or develop a comprehensive campaign that scales with your needs. We take care of all the nitty-gritty details, so you can focus on the big picture.

BRANDING

Tailor-made services so your brand can get the unique attention it deserves. Brand Discovery, Brand Creation & Brand Definition are part of our Brand Strategy Solution so every stroke in your logo, every pixel in your identity has a solid foundation and rich context.
